## FRONT END WEB DEVELOPER

### OVERVIEW

My name is Alexandra Cresine. I'm a front-end developer located in northern VA. I have two years of experience developing and designing user friendly interfaces and websites.

I enjoy working in a collaborative environment with developers and designers, and am comfortable managing projects from acquisition to delivery. I strive to provide my clients with the most efficient solutions, whether it's a blazing fast static site, a content-rich CMS, or an interactive application. Please email me for examples of recent work.

### EXPERIENCE

#### Freelance Web Developer

2017 - PRESENT

I currently provide custom websites, web applications, and designs to businesses. I work closely with my clients to ensure I have a thorough understanding of their needs and requirements for the project.

#### Internship - Liger Labs

2016 - 2017

Built out front-end of website. Learned under guidance of senior engineers. Participated in client-meetings, and helped define requirements for projects.
